About Ennoble

Founded in 2019, Ennoble Social Innovation Foundation is a Section 8 Non-profit organization dedicated to transforming Indian government schools into conducive learning ecosystems that become the preferred choice of the community. Ennoble's holistic approach combines school infrastructure revamp with teacher capacity building to deliver on Competency-Based Education (CBE).

At Ennoble, our vision is to create a society of responsible and socially conscious citizens equipped with essential 21st-century skills, fostering a peaceful and sustainable future. We are on a mission to empower 1 million rural school students by transforming 4,000 schools across India by 2025. Our work is rooted in a specialized School Assessment and Transformation Framework that identifies specific gaps in government schools, prioritizes their needs, and transforms them into model schools.

To date, Ennoble has successfully impacted over 70 schools and more than 20,000 students through our school infrastructure revamp programs, including STEAM lab setups and the establishment of integrated science labs. Our trusted partnerships with corporate entities such as SBI Securities, Bandhan AMC, Mahindra Susten, Dabur, Badshah Masala, Wabtec Corporation, Societe Generale, and Glenmark to name a few have been instrumental in enabling us to expand our impact and pursue larger goals.

Ennoble's innovative work has garnered numerous accolades and recognition. We have received the prestigious Cemex-Tec Social Entrepreneurship Award, the Best Start-Up Award from Jai Hind College, and the Infosys Aarohan Innovation Award, which underscore our commitment to social change and innovation. The Maharashtra Government also recognized us as one of the top 24 start-ups through the MSINS program. Our participation in the TieCon Silicon Valley Startup Summit further solidified our reputation in the global start-up ecosystem. Additionally, our partnerships with Societe Generale and Godrej led to the successful execution of the Cluster of Excellence Program and the creation of a Model Anganwadi, respectively. Our STEAM project with Mahindra Susten and school infrastructure revamp initiative with Wabtec earned us the CSR Impact Award, highlighting our dedication to educational development and community well-being.

Awards & Recognition

**Cluster of Excellence Program
in Partnership with Societe Generale**

**CSR Impact Award for STEM
Project in Partnership with
Mahindra Susten
& School Infra Revamp Award in
Partnership with Wabtec**

**Model Aanganwadi in
Partnership with Godrej**

Wabtec, RZP School Mahalunge, Maharashtra

Program Background

Partner Name: Wabtec Corporation

Program Location: RZP School Mahalunge, Maharashtra

Beneficiary Details: Students and staff of R.Z.P School Mahalunge

Scope of Work

The program includes classroom renovations, boundary wall construction, sanitation upgrades, a computer lab, and landscaping. It also features sanitary napkin vending machines, play areas, and artwork to create an engaging and inclusive learning space

ONGC, Nagaon, Uran, Maharashtra

Program Background

Partner Name: ONGC

Program Location: R.Z.P. PRI School, Nagaon, Uran, Maharashtra

Beneficiary Details: 105 students and 5 staff members

Scope of Work

The revamp covered wall art, external and internal painting, plastering, and safety enhancements, including stainless steel railings for safer access. Additional upgrades included door and window repairs, a fully equipped playscape with swings, slides, and goalposts, and essential installations like fans and tube lights to enhance classroom conditions. The initiative also involved artistic painting work to create an inspiring environment, ensuring a more dynamic and student-friendly school.

ONGC, RZP School Pirwadi, Maharashtra

Program Background

Partner Name: ONGC

Program Location: R.Z.P. Pirwadi School, Uran, Maharashtra

Beneficiary Details: 9 students and 1 staff member

Scope of Work

The project included plastering, internal and external painting, solar panel installation, sanitation upgrades, and new toilet doors for improved hygiene. Key additions were a water purification system, polymer treatment for structural durability, and the installation of fans and tube lights for better classroom conditions. These upgrades aimed to create a sustainable, safe, and engaging environment for students and staff

Badshah Masala, Nargol Mukhya

Program Background

Partner Name: Badshah Masala Pvt. Ltd. (A Dabur Enterprise)

Program Location: Gujarati Prathamik Shala Nargol Mukhya, Vapi, Gujarat

Beneficiary Details: 256 students (Grades 1-8) and 8 staff members

Scope of Work

Key upgrades included classroom repairs, painting, sanitation improvements, and new playground equipment. A mini science lab, an upgraded computer lab, and a water purification system were installed to enhance learning. Structural repairs such as roof waterproofing, new ramps, and better lighting ensured safety and accessibility. Green initiatives like waste management and tree plantation promoted sustainability, creating a holistic and inclusive school environment

Badshah Masala, Aanganwadi Revamp

Program Background

Partner name: Badshah Masala Pvt. Ltd. (A Dabur Enterprise)

Program Location: Bhatha Fadiyu Anganwadi, Vapi, Gujarat

Beneficiary details: 29 students and 2 staff members

Scope of Work

Key upgrades included structural repairs, internal and external painting, classroom furniture, and electrical installations (fans, lights, and power points). A water purification system, kitchen renovation, and new play equipment were introduced to support health, nutrition, and recreational activities. Green initiatives like waste segregation bins promoted sustainability, ensuring a safe, engaging, and community-driven early learning space

Mahindra Susten, Badwar, Madhya Pradesh

Program Background

Partner Name: Mahindra Susten

Program Location: Government Primary School, Kachiyan Tola, Badwar, Rewa, Madhya Pradesh

Beneficiary Details: 54 students and 3 staff members

Scope of Work

Key upgrades included wall art, internal and external painting, tile flooring, and toilet renovation. Crack repairs, terrace waterproofing, new windows, door repairs, and main gate restoration enhanced the school's durability and safety. Additional improvements such as step construction and security enhancements ensured a safe, accessible, and visually appealing learning space

Mahindra Susten, Charanka, Gujarat

Program Background

Partner Name: Mahindra Susten

Program Location: Government Primary School Charanka, Patan district, Gujarat

Beneficiary Details: 250 students and 7 staff members

Scope of Work

Key upgrades included wall art, internal and external painting, toilet renovation, and a water purifier. Electrical connections, digital infrastructure (computers and projectors), and green school initiatives (compost bins, UPS, and inverters) were added to enhance sustainability. Additional improvements such as signages, ramp railings, waterproofing, and main gate repairs ensured a safe, accessible, and well-equipped school environment

Mahindra Susten, Aju Ka Nada, Rajasthan

Program Background

Partner Name: Mahindra Susten

Program Location: Rajkiya Uchha Prathmik Vidyalaya, Aju Ka Nada, Rajasthan

Beneficiary Details: 70 students and 3 staff members

Scope of Work

Key improvements included wall art, internal and external painting, toilet renovation, and a water purifier. Electrical connections, classroom furniture (greenboard, cupboards, mike-sound system), and digital infrastructure (computer and projector) were added. Safety and sustainability features like compost bins, dustbins, fire extinguishers, and a kitchen shed were introduced to create a safe, accessible, and student-friendly learning space.

FIA Charitable Society, Prestamp Cares, Thantri, Haryana

Program Background

Partner Name: FIA Charitable Society, Prestamp Cares

Program Location: Government Senior Secondary School, Thantri, Haryana

Beneficiary Details: 460+ students (Grades 1-12)

Scope of Work

The Model School Transformation Program at Government Senior Secondary School Thantri, Haryana was implemented by Ennoble Social Innovation Foundation to improve infrastructure and create a holistic learning environment. Serving 460+ students (Grades 1-12), the project addressed critical issues such as dilapidated buildings, sanitation, lack of drinking water facilities, and poor classroom conditions.

Societe Generale, Taloja Panchanand, Maharashtra

Program Background

Partner Name: Societe Generale

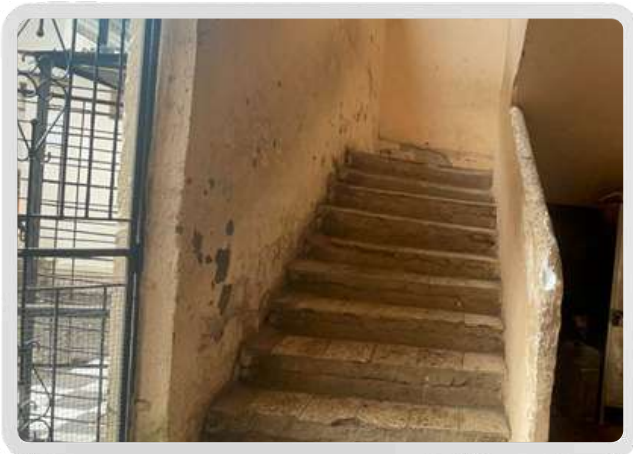

Program Location: Taloja Panchanand, Maharashtra

Beneficiary details: RZP School Taloja Panchanand serves 245 students (Grades 1 to 8)

Scope of Work

The School Infrastructure Revamp Program transformed the school by addressing damaged classrooms, broken windows, crumbling walls, non-functional toilets, and unsafe flooring. Upgrades included boundary walls with artwork, a new entrance gate, toilet renovations (including CwSN toilets), a drinking water station, polymer treatment for exposed RCC surfaces, and floor repairs. Learning spaces were improved with a new computer lab, STEM lab, library, reading corners, and classroom renovations. Wall art, experiential learning spaces, and games rooms were also introduced to foster interactive and engaging education

PWC India, RZP Padale, Maharashtra

Program Background

Partner Name: PricewaterhouseCoopers (PwC) India Foundation

Program Location: RZP School Padale, Maharashtra

Beneficiary details: 400+ students and 9 teachers

Scope of Work

The School Infrastructure Revamp & Computer Lab Transformation Program included installation of 25 double-seater desks, five new green chalkboards, external painting, and toilet refurbishments. Technological upgrades involved installing five new ASUS Core i3 computers and repairing seven existing ones. Additional improvements included drinking water flooring repairs, plumbing, interactive wall art, and upgraded sports facilities (football, volleyball). These enhancements contributed to better infrastructure, improved sanitation, and increased student engagement.

Turbhe Cluster, Navi Mumbai, Maharashtra

Program Background

Partner Name: Glenmark

Program Location: Turbhe Cluster, Navi Mumbai, Maharashtra

Beneficiary details: 5 government schools benefiting 2,807+ students (Grades 1-8) and 84+ teachers

Scope of Work

The Nurturing Scientific Temperament Program aimed to enhance science-focused education by setting up mini science labs (ViGyasa - Vigyan Ki Jigyasa) in four schools and supplying materials to a fifth. Teacher capacity building was conducted through four-day training sessions for 51 out of 68 teachers, introducing STEM-based learning methods. Additional initiatives included student exposure visits to Nehru Planetarium and Science Centre, DIY science projects, and hands-on STEM activities to foster scientific curiosity and practical learning

N.M Electricals, R.Z.P School Kalamboli, Panvel Navi Mumbai, Maharashtra

Program Background

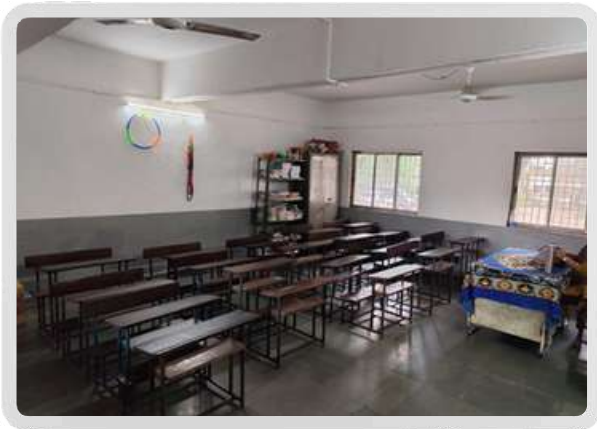

Partner Name: N. M. Electricals

Program Location: R.Z.P School Kalamboli, Panvel, Navi Mumbai, Maharashtra

Beneficiary details: 350 students (Grades 1-7) and 12 teachers

Scope of Work

The Model School Transformation Program improved infrastructure through toilet and urinal renovations, repaired passage ceilings, classroom wall repairs, and internal painting. New plastering, staircase railings, and door replacements were provided for safety and accessibility. A computer room was restored, and interactive wall art was installed to create an engaging learning environment

Mission

Empowering 1 Million rural school students and transforming 4000 schools pan-India by 2025.

Vision

Create a society of responsible and socially conscious citizens equipped with 21st-century skills essential for a peaceful and sustainable future.
